Senior Citizen Information Section

To make the Ameritech Indiana Bell Yellow Pages more helpful to Senior Citizens, a program is being introduced to identify businesses that agree to offer a percent discount, monetary discount, or a service to persons 60 years of age or older, that is not otherwise made available to patrons under the age of 60 years. (See the example of ad at the bottom of the page).

Many businesses will include the Senior Savings emblem in their Ameritech Indiana Bell Yellow Pages advertisements. Businesses that list only their name, address and telephone number may also participate in the Senior Savings program. These businesses can be identified by one of the following phrases: "We Offer Senior Savings," or "We Give Senior Citizen Discounts." (See example.)

CAPTAIN'S

We Offer Senior Savings
or
We Give Senior Citizen Discounts

We are also introducing Senior Citizen information pages which contain helpful information for Seniors.

When you're looking for products or services the Ameritech Indiana Bell Yellow Pages provides you with helpful buying information. Call ahead to the business if you have any questions or wish to obtain additional information. It can save you time.

So when you're making a buying decision "let your fingers do the walking" through your Ameritech Indiana Bell Yellow Pages. "Next to the phone, there's nothing better."™

SENIOR SAVINGS™

WHEN YOU SEE THIS EMBLEM in an Ameritech Indiana Bell Yellow Pages advertisement it means that this business has agreed to offer a percent discount, monetary discount, or a service to persons 60 years of age or older, that is not otherwise made available to patrons under the age of 60 years.

INDIANA DEPARTMENT ON AGING AND COMMUNITY SERVICES

115 N. PENNSYLVANIA, SUITE 1350
INDIANAPOLIS, IN 46204

ROBERT D. ORR
GOVERNOR, STATE OF INDIANA

JEAN MERRITT
EXECUTIVE DIRECTOR

Indiana Department on Aging and Community Services

The Indiana Department on Aging and Community Services and the Indiana Commission on Aging have served older Hoosiers since 1955. The goal has been to assure that older people maintain independence with dignity.

Sixteen regional planning agencies called Area Agencies on Aging operate in the state of Indiana. They administer programs and contract for services with local agencies and organizations to serve the needs of the senior population. For your information a map of the Southwestern Indiana Regional Council on Aging appears below.

We are pleased that Ameritech Indiana Yellow Pages is introducing this special section to help inform Senior Citizens about programs which are available to them. Now, all older Hoosiers who have an Indiana Bell Directory will have the local agency information at their fingertips. Also, we at the Department on Aging and Community Services want you to feel free to contact our office for information regarding any needed service: **317/232-7000** or **1/800/622-4972.**

Medicare Information

Using Medicare effectively means knowing what it does and does not pay for.

The key to using Medicare effectively is knowing what it does and does not pay for. This is especially true for people who may want to supplement their Medicare coverage with private health insurance, people who are involved in planning their retirement, and people who expect to incur heavy medical expenses.

The program is composed of two parts, hospital insurance which helps pay for inpatient hospital care and certain follow up care, and medical insurance, which helps pay doctor bills and other bills not covered by hospital insurance.

The following charts show generally what Medicare pays for. The program is designed to relieve the beneficiary of the greater burden of health care expenses. It pays for most—but not all—medical services and supplies. Like other health insurance, public or private, it contains deductibles and co-insurance features-cost sharing amounts that are the responsibility of the beneficiary.

** These Figures are for 1986 and are subject to change each year.

*** 60 Reserve days may be used only once, days used are not renewable.

†Medicare and private insurance will not pay for most nursing home care. A person pays for custodial care and most care in a nursing home.

††Once a person has $75 of expense for covered services in 1986, the deductible does not apply to any further covered services received the rest of the year.

†††A PERSON PAYS FOR charges higher than the amount approved by Medicare unless the doctor or supplier agrees to accept Medicare's approved amount as the total charge for services rendered.

When To Contact Social Security

It is important for people to know when they should get in touch with Social Security. Not knowing when to contact Social Security could mean lost benefits which could never be recovered.

A person should contact Social Security:

- Before getting his or her first job because a Social Security number is required to get proper Social Security credit for earnings. People who change their name should also contact Social Security. This should be done at least 2 weeks before the number will be needed.
- After a death in the family to see if survivor benefits can be paid.
- When someone in the family is disabled to find out if disability benefits can be paid.
- At retirement—at 65 for full rate benefits, or as early as 62 for reduced benefits. A person should sign up for Medicare 2 or 3 months before 65, even if there are no retirement plans.
- Any time there is a question about Social Security.

When a person calls Social Security, the people there can tell:

- How much work credit is needed to be insured for benefits.
- Who can receive benefits.
- How to replace a lost Social Security or Medicare card.
- How to get a free statement of the earnings reported to the person's Social Security record.
- What documents a person needs when applying for benefits.

More information about Social Security can be obtained at any Social Security office. Call:

(219) 236-8300

When to Call

Most all Social Security business can be done by telephone. People can save themselves time and money by calling to:

- Start an application for Social Security benefits or supplemental security income payments. The applications can be started by telephone and completed by mail.
- Apply for Medicare.
- Report a name or address change.
- Report a change in marital status.
- Report that a person has stopped or started work or to report other events that may affect receipt of checks.
- Report a lost or stolen check or delayed payment.
- Report a lost or missing Social Security Medicare card.
- Get help in completing Medicare claims forms.
- Request a copy of a person's Social Security earnings record.
- Get help in requesting a review of the decision made on a Social Security claim.
- Get the answer to any Social Security question.

Unless a person's business is urgent, it is best to wait until after the middle of the month to call. This is because the first part of the month is the busiest time in the Social Security office. For further information, call:
